Industries: Smart Cities, SaaS, eCommerce, Gaming, B2B Platforms, Real-Time Apps

Professional Experience

Senior UX/UI & 3D Designer

ZainTech FZ LLC, Dubai, UAE

Nov 2019 – Present

- Led UX/UI design for enterprise-scale digital platforms across web, tablet, and mobile.
- Developed 3D digital twins for smart buildings and districts using Blender 3D and Three.js.
- Collaborated closely with developers and product teams to deliver scalable, high-impact user experiences.
- Built and integrated interactive front-end modules with React.js and WebGL.
- Participated in UX audits, created user flows, and improved accessibility and usability of products.
- Supported POCs involving Unreal Engine for virtual simulations and immersive UI demos.

UX/UI Designer & Front-End Developer

Lark and Berry, Hong Kong

Mar 2018 – Nov 2019

- Designed and tested mobile-first experiences and high-fidelity prototypes for luxury eCommerce.
- Conducted UX reviews, A/B tests, and crafted optimized visual journeys for conversion and retention.
- Developed functional frontend assets, collaborating with dev teams to ensure design fidelity.

Creative Director

iGafencu.com (Totalmedia Hong Kong)

May 2015 – Jan 2018

- Directed end-to-end UX strategy for online magazine and brand platforms.
- Managed stakeholder feedback, research insights, and fast-paced iteration cycles.
- Delivered cross-platform responsive designs for mobile, desktop, and tablet products.

Lead UI Designer (Remote)

Visual Workplace, Inc., USA

Sep 2008 – Sep 2015

- Designed UI for mobile apps and casual games; provided UX assets and developer guidance.
- Produced print and web collateral, vectors, and branding materials.
- Initiated remote collaboration best practices and asynchronous design feedback cycles.

Senior Graphic Designer

Foshan Sansico Printing, China

Jun 2005 – Jun 2008

- Created branding packages, packaging design, and layouts for large-scale print production.
- Managed pre-press prep and layout QA for print-ready files.

Graphic Designer

Studiotech Advertising, Philippines

May 2002 – Jun 2005

- Edited and enhanced event photography and videography for client presentations.
- Designed photo books and multimedia deliverables for high-end events and weddings.

Education

Bachelor of Science in Accounting

Polytechnic University of the Philippines (1998 – 2000)
